Highlight of the Week

We are finally done!! Well, almost! unit 3 was wrapped up this week and students will conclude the unit with a unit 3 test next Thursday. Students were given a study guide last week and were asked to create a kahoot game off of it. Next week, we will review for the unit test by presenting each other's kahoot to class and playing review games to better prepare!

We also have spirit week next week! Check out the image below for our themes.

Another useful tip for my classroom is all assigned homework assignments all have an accompanying video that helps explain and show the students how to do them. These videos can be found on Google Classroom in classwork, under the topic Homework videos.

I am sharing with you all some of the tutorial videos I have created with the students. Although these are not hyperlinked, you should be able to highlight the link and copy and paste it into your browser!

Week 18 is the penultimate week before we head back on break! This week we finished up conferences for the first totally complete essay that the students turned in on Week 17. During these conferences I worked with each student (virtually) to read over their essay and note any areas of concern and praise any areas of success!

As we prepare for break, we spent this week reading further in The Breadwinner and reading a series of informational texts that students “reported” on in their own individual soundbite! Ask your student to see theirs on Flipgrid!

Next week we will be working on two mini projects to get our creative juices flowing and round out our time before break begins. Don't forget next week is a spirit week as well!
